

FLOWCODE V3 FOR AVR AND E-BLOCKS BUNDLE

What does it do?

This product is a bundle containing a selection of E-blocks development boards – including a professional version of Flowcode 3 for AVR software.

Benefits

- Facilitates rapid development of AVR based projects
- Includes all resources needed for development

Features

- A complete AVR development solution
- Programs a range of AVR devices
- Includes Flowcode 3 for AVR

Description

This bundle consists of a copy of Flowcode 3 for AVR, an LED E-Block (8 leds), a switch E-block (8 switches), an LCD E-block (2 line 16 character), an E-blocks AVR board with an AVRISPmk2 programmer, a USB cable and power supply. This solution is perfect for low cost entry into AVR development and is great for students who want to continue their studies at home, and for engineers who need to develop prototypes of electronic systems quickly. The pack is fully compatible with the range of E-block accessories. The retail price of the pack is at a significant discount to the sum of the individual parts. Datasheets on each individual item are available separately.

Included in the bundle:

PRODUCT CODE	DESCRIPTION
EB004	E-Blocks LED board
EB005	E-Blocks LCD board
EB007	E-Blocks Switch board
EB194	E-Blocks ATMEL multiprogrammer
EB355	E-Blocks User Guide
HP5328	International power supply
TEVRSI3	Flowcode 3 for AVR
